# MISSION & HISTORY

In 2011, Ben Peterson founded Sunset Aviation with the singular goal of providing fast, accessible, and trustworthy care to his clients. After working for years as a pilot, flight instructor, and then as a broker at a large firm, Peterson sought to start a company that fostered loyal, to-the-point care that was never more than a phone call away.

Sunset provides coverage for nearly everything aviation-related: corporate jets, helicopters, drones, satellites, aviation manufacturers, and maintenance companies. Providers we work with include AIG, XL Catlin, Starr Travel Insurance & Assistance, and more. We pride ourselves in maintaining strong relationships with the underwriters within these organizations, but our relationships with our clients remain paramount.

Through the years since Sunset's inception, the dream at the core of the company has remained the same. Ben Peterson and the entire Sunset team work every day to ensure our clients' needs are met, and that the service they receive is trustworthy, loyal, and attentive without fail.

## CARRIERS

XL CATLIN

## SERVICES

### AIRPORT GENERAL LIABILITY

Our all-encompassing liability coverage for airport operations.

### AIRCRAFT HULL & LIABILITY

We offer comprehensive coverage for all activities within the main cabin.

### PRODUCT & COMPLETE OPERATIONS

Our coverage for product damage and third parties injured is designed to suit the needs of any client.

### FIXED BASE OPERATE

Our FBO coverage is designed to work for the various needs of our operators first.

### WORKERS COMPENSATION

We provide quality wage replacement and medical benefits to employees injured during the course of work.

### COMMERCIAL AUTO & EQUIPMENT

Our Commercial Auto & Equipment coverage provides quality coverage for all damages not covered by personal policy.

### HANGARKEEPERS LIABILITY

Our hangarskeepers liability coverage protects aircraft hangars, and other structures.

### MANAGEMENT LIABILITY

We offer a wide array of coverage for managers, directors, and executives.

### EXCESS LIABILITY

We provide a number of additional insurance limits via our excess liability coverage.

# TYPES OF COVERAGE

## AIRPLANES

Having fostered relationships with the largest and most reputable carriers in aviation, we offer wide-ranging airplane insurance coverage.

## HELICOPTERS

We provide a wide array of helicopter insurance coverage, and always seek to provide care that is in tune with our customers' specific needs.

## DRONES

We offer comprehensive coverage for drones and Unmanned Aircraft Systems (UAS).

## JETS

No matter the scale, we are able to provide jet insurance coverage that is knowledgeable and committed to our clients first.
